FIG - 8B

FIG. 8A is a perspective view of a mechanical assembly. FIG. 8B is a cross-sectional view of a component of the assembly.

FIG. 10A and FIG. 10B are schematic diagrams of a device 10 in a first and second state, respectively. The device 10 includes a housing 32, a central core 38, and a plurality of flexible elements 36. In FIG. 10A, the flexible elements 36 are in a retracted state, and in FIG. 10B, they are in an extended state. The device 10 is shown in cross-section, with the housing 32 having an inner wall 42. The central core 38 is positioned within the housing 32, and the flexible elements 36 are attached to the inner wall 42. The device 10 is shown in a first state in FIG. 10A and in a second state in FIG. 10B. The flexible elements 36 are shown in a retracted state in FIG. 10A and in an extended state in FIG. 10B. The device 10 is shown in cross-section, with the housing 32 having an inner wall 42. The central core 38 is positioned within the housing 32, and the flexible elements 36 are attached to the inner wall 42.
